**MEMORANDUM FOR THE RECORD**

**SUBJECT: Visit to Office of Central Reference**

1. On 20 November I attended a briefing given by OCR to Gen. Truscott, Dr. Pancoast and myself on the activities of the Office. In view of Gen. Truscott's interests, the briefing was focused primarily on interagency problems and activities. The briefing was well conducted and the Office seems to be making some real progress through the working groups establishing under the Ad Hoc Committee on Information Processing (AHIP).

2. Gen. Truscott was late to the meeting and we did not get to cover all of the aspects of OCR. I will finish the tour, therefore, at a later date.
